Truck crashes along interstate

BY D.C. HARVILL
Three men narrowly escaped serious injury Friday night when the pickup they were in crashed into trees along Interstate 10.
Cleon Dunhurst, of Kiln, drove off the right side of the highway and, when he overcorrected, ran off the left side of the road colliding with trees in a wooded section of the median, according to State Trooper David Kenny, the officer at the scene.
The accident occurred between mile markers number eight and nine, near where a Memorial Day accident killed three people.
Passengers in the truck were Robert Larsen, of Kiln, and Michael Purvis, of Seminary. According to Kenny, rescuers had to "rip the truck apart" to get the men out.
Dunhurst was treated at Hancock Medical Center and released.
The accident is still under investigation by the Mississippi Highway Patrol.

Boat bashes truck, crash lands in bayou

BY D.C. HARVILL
A boat found its way to water Friday after colliding with an 18-wheeler and launching over the railing of a bridge on Highway 603.
The boat, being trailed south behind a pickup driven by Jerry Blackmer of Hattiesburg, became unhitched on the Bayou La Croix Bridge and struck a freight truck owned by International Paper Company.
The fiberglass, front, right fender of the freight truck was shattered by the impact, and its tire was blown.
After coming perilously close to going through the bridge railing, according to witnesses, the truck driver brought the truck to a stop on the shoulder just off

the bridge.
"I looked and there was a boat coming at me headed down my lane," said the truck driver from Mobile, who would identify himself only by his CB handle, "Tumbleweed."
"The only reason I avoided hitting it head-on was because it started going toward the railing," the driver continued.
The boat launched over the bridge railing and crashed upside down into the bayou, while its trailer was left a mangled mass of twisted metal after being run over by the 18-wheeler's flatbed trailer.
Bay St. Louis Police Deputy David Sellier had been skiing and was in the water when the boat went over the railing.
"When we first saw it, we thought it was a car going over the side, and started swimming toward it," Sellier said, "then we realized it was a boat."

Blackmer, who was trailing the boat from Hattiesburg to a shop in Bay St. Louis for repairs, expressed disbelief at the fate of his boat. "I just bought the thing for \$5,500 and now, Poof! it's gone."
Blackmer pointed out that he had had a safety chain tied around an extra ball hitch on the bumper of his pickup.
"I just don't understand how it came off. I towed the thing all the way from Hattiesburg with no problem."
"I was going over the bridge when I went over a bump in the road and I guess it just jumped off the hitch," he explained.
Blackmer was so disgusted by what had happened, he gave the boat and motor to a man who had been on the shore when the boat hit the water.
"I'm just sick, I don't even want to look at the damn thing,"

Sheriff's office check embezzled

BY D.C. HARVILL
Hancock County Sheriff's Department has arrested the manager of a local store on charges of embezzlement.
According to Sheriff Ronnie Peterson, Norma Lee Rush, 26, apt.#11, Bay Royale Apartments, Bay St. Louis, was arrested on May 28th for allegedly converting to her own use a check made out to the Dollar General Store.
Rush was the store's manager at the time of her arrest.
Peterson added that the check for \$1127 had been made out to the store by the Sheriff's office for the purchase of supplies.
Investigation of the case is being conducted by Nathan Hoda of the Sheriff's Department and an investigator for Dollar General Stores.
Rush is currently out on a \$5,000 bond awaiting a preliminary hearing.

Beachfront Festival highlights to include triple entertainment

BY DENA BISNETTE
Free entertainment at Sunday's ninth annual Beachfront Festival will be on three stages this year instead of one.
The music starts on Stage One, located on the beach, at 1 p.m. with the Pat Murphy Band, which will play until 2:30 p.m.
The Keith Hoda Band will be featured from 3 p.m. until 4 p.m., followed by the swimsuit competition from 4:15 p.m. until 5 p.m. and the Breakaway

Band from 5 p.m. until 6:30 p.m.
Entertainment also begins at 1 p.m. on Stage Two, located at Court Street and Beach Boulevard. Lady and the Tramps will be onstage until 2 p.m., followed by the Air Force Top 40 Band, which will play two sets from 3 p.m. until 4 p.m. and 4:30 p.m. until 5:30 p.m.
Stage Three, in front of the old post office building, will feature guitarist Jeff Gillette from noon until 1 p.m. An hour of gospel singing will follow his per-

formance, then one of last year's festival attractions will return as the U.S. Navy Show Band performs from 2 p.m. until 3 p.m.

Square dancers and kloggers will be featured from 3 p.m. until 4 p.m. on Stage Three, then the U.S. Navy Show Band will return for a second set.
In addition, the festival will include more than 80 exhibits and booths, arts and crafts and food.

To appoint Bourg director

County to create recreation division

BY DENA BISNETTE
The Hancock County Board of Supervisors is planning to create a separate department to oversee the county's recreational facilities.
The board discussed the matter at its work session Thursday and is expected to grant final approval to the proposal at Monday's meeting.
In addition, the board is expected to appoint Hilda Bourg, currently serving on the county park commission, as director of the new department, Board President and Beat Two Supervisor Ronald Cuevas said.
Bourg has served on the park commission for more than eight years. In addition, she has a master's degree from Louisiana State University with a minor in recreation.
Cuevas said the board had not yet settled on a possible salary. The new position will be a paid job but statute does not require that such a position be advertised.

He said the new department will probably be given a specific budget, effective at the beginning of the next fiscal year, to perform all administrative and management functions needed to operate the county's recreational facilities, including McLeod Water Park and several public piers, boat launches, ballparks and community centers.

Creation of a Parks and Recreation Department under Section 55-9-85 of the Mississippi Code is one of the eight goals the board declared upon taking office in January.

Under the present system, McLeod Water Park is under the jurisdiction of the county park commission.

While the board has discussed giving the park commission charge of some of the other facilities, specifically new fishing piers at Pearlinton and Napoleon, those other than the park and the county fairgrounds fall under the jurisdiction of the county road and bridge maintenance department's building and grounds division.

Hancock County Maintenance Superintendent Bill Johnson said that the building and grounds division, under the proposal, will continue to provide actual physical maintenance and improvements of the piers, baseball parks, community centers and other structures under the proposal.

About 25 percent of the building and grounds maintenance budget for this year has actual-

ly been spent on recreational facilities, County Comptroller Ken Walker said.

Johnson said there is a total of about \$592,000 in that budget, which is also used for maintenance of facilities such as the courthouse, jail building, Youth Court building, tax office, maintenance barns and other facilities.

He said the building and grounds budget is being tried for the first time during the current fiscal year and about \$25,000 had been spent by March.

The board is proposing that some of the funds for building and grounds maintenance be combined with the McLeod Park budget, which Walker said is \$68,600 this year, to form a recreation budget.

The existing park commission, with a new member to replace Bourg, would then become an advisory council to the recreation director.

The board has also discussed possible office locations for Bourg, with the most likely at this time being the Beat Four Community Center on Highway 43 next to the county's central maintenance barn in Kiln.

In addition, Cuevas said the board is considering eventually making the operation of the fairgrounds into some type of cooperative effort between the county fairgrounds association

HILDA BOURG

and the recreation department to better utilize the fairgrounds building. At present, the fairgrounds association has a lease on the facility.

The board has tentatively scheduled a joint meeting to discuss that prospect with the fairgrounds commission and the park commission at 6 p.m. June 14 in the upstairs boardroom of

Shrimp Season opens Wednesday

By EDGAR PEREZ

All Mississippi waters from one-half mile south of the mainland will be open to shrimp trawlers at 8 a.m. Wednesday.

"The catches should be good opening day and for a few days thereafter," said Dr. Fred Deegen of Long Beach, chief of Saltwater Fisheries Division, Bureau of Marine Resources, Mississippi Department of Wildlife Conservation.

"Our samples show there's no real reason to be optimistic

about this season over the long haul," Deegen added.

"We don't expect the same abundance of brown shrimp as we had last year," Deegen noted.

He said the only inside trawling allowable in Hancock County waters is in the Pipeline Ditch of Heron Bay.

"In that area trawls must be 16 feet or smaller, with a limit of 25 pounds per day per boat," the official noted.

FESTIVAL PREPARATIONS—Norbert Redmond, Bay St. Louis superintendent, center of road, checks height of a cargo parachute in front of the old post office building on Main Street on Friday evening in preparation for today's Beachfront Festival. The parachute along with two others will be used to shade one of three festival bandstands. Others in photo are, Randy Castello, right, Mississippi Power Company area supervisor; and Kenny Welch in cherry picker. Festival activities begin at 12 noon at the three band stands with the other two locations being at Beach Boulevard and Court Street and on the beach at Beach Boulevard and Main Street. Free entertainment will include a U.S. Navy and U.S. Air Force band. The festival is to include more than 80 exhibits and booths. (Echo staff photo by Ellis Cuevas)

Correction

In a photograph in Thursday's Echo, Diamondhead assistant fire chief Bobby Blake was inadvertently identified as a captain. We apologize for the error.

Correction

In the Thursday Sea Coast Echo story about local delegates to Girls' State, the American Legion Auxiliary and not American Legion should have been listed as sponsor.

In addition, Waveland Civic Association and its auxiliary unit will pay the expenses of two girls but are not sponsoring those delegates. They are being sponsored by American Legion Post 77, where Dorothy Bielslein is Girls' State chairperson. The Echo regrets the error.

HUMANE SOCIETY DONATION—Hancock County Humane Society Representative Thyla Rogers, center, accepts a \$200 donation from Hancock Women's Club, represented by President Lois Cripple, left, and Vice-president June Lasker, right. Rogers said the check was used immediately after donation for the society's spay-neuter program, which provides pet owners with financial assistance in altering their pets. Parenting Center seminar scheduled

Societal attitudes, education, language and cultural traditions are all taking their toll on today's youth's. "Building Self-Esteem in Girls (14-19)" will focus on creating a greater awareness on how values are shaped.

This free community service program will be presented from 7 to 8:30 p.m., Tuesday, June 7 at Slidell Memorial Hospital and Medical Center.

Presented by the Parenting Center, the seminar will be lead by Educational Therapist Debra Henkles, M.Ed. Henkles is a former Slidell High School teacher who currently works as a Pupil Appraisal specialist with the St. Tammany Parish School Board.

This is the first time such an open discussion group for young teens has been sponsored by the Parenting Center, according to Johnnie Ruth Rogillio, Program Development Coordinator.

"We want to help them (young teenage girls) feel really good about themselves," said Rogillio, "and learn how to say no to today's pressures. There is more to life than having the right clothes, the right ring, the right makeup."

The Parenting Center of Slidell Memorial Hospital is a unique learning facility designed to enhance parents' knowledge of child development and to increase their ability to handle common parenting

problems and issues. The center provides a supportive environment where parents may enjoy learning with their children, other parents, and a knowledgeable staff.

To pre-register for this program or for additional information about this or any program sponsored by The Parenting Center, call 649-8529.

Boating safety a must for owners

Bay-Waveland Flotilla 33 and Pass Christian Flotilla 35, Coast Guard Auxiliary remind area boaters that Sunday starts National Safe Boating Week, June 5-11.

The theme of this year's Safe Boating Week is *Overloaded Boats Overturn* and the slogan is *Know Before You Go*.

The overloading of a boat was apparent in the Memorial Day disaster in Tillatoba, Miss. in which six persons lost their lives.

Newspaper reports say there were six persons in the small boat, five of them drowned along with a bystander who tried to offer assistance.

Reports also indicate there was a lack of sufficient life preservers on the small boat and none were in use.

The Mississippi Department of Wildlife Conservation reports that last year 32 percent of the drownings in the state were the result of boating accidents.

The average length of the boats was 15 feet and most of the fatalities were the result of capsizings.

A significant number of accidents occurred on calm, clear days.

The causes of these accidents were often the disregard of the instability of these small boats, overloading and overpowering.

The main cause of the fatalities was the failure to use life preservers although they may have been aboard.

Twenty-six percent of the fatalities were alcohol related.

Boatmen are advised that before setting out they should know their boat's characteristics, its capacity for persons and gear aboard, and the maximum horsepower allowable for its propulsion.

For most recreational boats under 20 feet in length, manufactured in the last 15 years, the latter two items of information are indicated on a place attached to the boat near the stern.

Stay sober and don't forget the life preservers, one for each person aboard as required by law. These are 'your friends for life,' a flotilla spokesman stated.

The Pass Flotilla will offer free motorboat safety inspections at Pass Christian Small Craft Harbor, Long Beach Harbor and Gulfport Small Craft Harbor today, Saturday and next Sunday, June 12.

Free literature also will be offered to boaters by the flotilla.

It is hoped all area boaters will have a safe and happy season.

'Trooper on The Train' to promote RR safety

The concern for greater safety at railroad crossings will be promoted with a "trooper on the train" project. Mississippi Highway Safety Patrol troopers will, at announced times, ride in the cabs of railroad locomotives to observe motorists at railroad crossings.

Other law enforcement officers will observe various crossings to determine the awareness attitudes of drivers as trains approach. They, along with local law enforcement officers notified by troopers riding the trains, will apprehend motorists violating crossing safety laws.

The project is a cooperative effort of Mississippi railroads, the Governor's Office of Federal-State Programs, the Mississippi Highway Safety Patrol, the Mississippi Sheriffs' Association, the Mississippi Chiefs of Police Association and Operation Lifesaver, a nonprofit effort initiated in 1979 to reduce crashes, injuries and fatalities at railroad crossings.

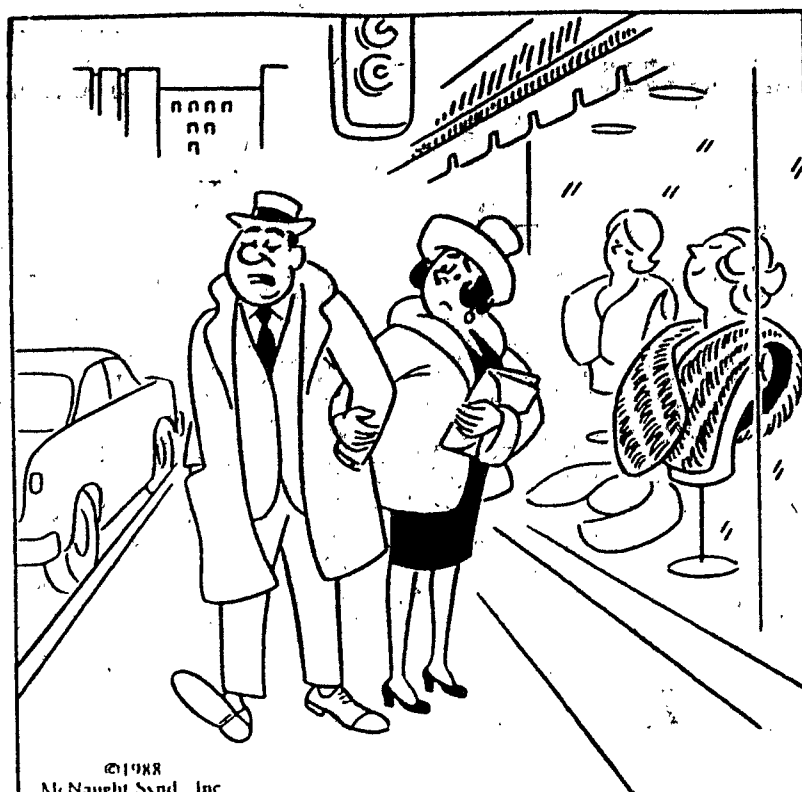

Proposed counties to be covered by the initial "trooper on the train" ride are Holmes, Carroll, Tallahatchie, Tunica, Panola, Quitman and DeSoto, according to Billy Gates, Operation Lifesaver coordinator.

"It's amazing how many drivers attempt to beat a train at a crossing," Gates said. "They often don't stop to realize that, even if an average freight train is traveling at a speed of just 30 miles per hour, it requires more than half a mile to stop. The same train traveling at 60 miles per hour needs 1.4 miles to stop. Motorists who try to beat the train and lose often pay for their carelessness with their lives or

are permanently injured. "Since Operation Lifesaver began, Mississippi has seen a 70 percent decrease in railroad crossing fatalities, a 50 percent decline in injuries and a 44 percent decrease in crashes," he noted. "Yet, even one fatality or injury is too much. Each year, Mississippi has approximately 165 railroad crossing accidents which result in approximately 13 deaths and 100 injuries."

Bobby Crudup, Federal-State Programs' Department of Criminal Justice Planning traffic engineering safety coordinator, offered some suggestions to avoid accidents at railroad crossings:

1. Watch out; one train can hide another. At multiple-track crossings, be sure all tracks are clear before crossing.
2. Don't assume that trains will be running at particular times. Always check to be sure no train is coming before crossing.
3. Don't race the train at the crossing. The minutes that might be saved are not worth the risk.
4. Slow down at sundown. Misjudging train distance is a special twilight and nighttime risk.
5. If your vehicle stalls at a crossing, get yourself and your passengers out and far away from the vehicle and track fast.
6. If you start across the tracks, don't stop or try to back up. Keep moving.
7. Don't get boxed in at a railroad crossing by traffic ahead and behind. Additional information on railroad crossing safety, including programs for civic clubs and other organizations, may be obtained by contacting Gates at 372-7266.

"They use that to get you inside and then they sell you one down to your knees!"

Wants to start a museum with clothespins

Dear Editor:

Could we be overlooking an important part of our heritage? Frequently we are asked to contribute toward monuments, plaques, etc. with a view to keeping local history alive.

Perhaps inexpensive household gadgets of yesteryear might well reflect a way of life. I discovered a 'museum find' of 1988 a few days ago. After searching in houseware department of several stores I finally found and bought a package of 50 spring clothespins.

Three price stickers had been attached. The newest price was \$1.87 and the first price tag was \$3.88. This would suggest that there is little demand today for spring clothespins.

It might be well to stash away a few until we get our long awaited museum. Then the clothespin could be displayed under glass and next to a shoe horn, button hook, and such

things as United States Government War Ration Books, fountain pen ink, blotters, ink wells, and 'thrift cards.'

Browsing around in the museum a child might ask: "What is that funny little wooden gadget with a spring on it?" The curator would reply: "Long before you were born, women washed their clothing by hand, hung them on an outside clothes line, secured them with spring clothespins and let them dry in the wind and sun. That was in the days before the washing-drying machines were invented—but there were even earlier clothes pins. These were straight, made of hard wood, and sometimes children made dolls of them. Those were the days when children were allowed to make their own toys."

Seriously, isn't it time we get a museum—to preserve a bit of our country?

Congratulate those responsible for Memorial Air Show

Letters to the Editor
The Sea Coast Echo
Bay St. Louis

Dear Editor:
Congratulations must be extended to the Experimental Aircraft Association, and the Port and Harbor Commission and Airport Board for the fine airshow during the past Memorial weekend.

Thousands of people from Hancock and surrounding counties were presented an exceptional fine display of aircraft, both military, civil and homebuilt, as well as a very dramatic air show, lasting over two hours each day.

All in all it was a very pleasant day, there were choices for folks, to either rest and picnic under the trees or walk the line and admire the outstanding display of planes, antique cars, and model planes.

Foremost, thanks must be given to the director and members of the Port and Harbor Commission and president and members of the Airport Board for their foresight in granting this fine group a site on the airport for their club. Also, for

opening up acres of the airport for the parking of cars, and the ramps for the display of planes.

Thanks must be given to the 479 club for the professional handling of the air show, the guard units that donated their time and planes, and the young people from the Civil Air Patrol for their help in parking cars and directing traffic.

I am not a member of the club, but do belong to the national organization, and can see that in the future, the air shows, and the airport will become a credit to the name that it carries, Stennis!

Thanks to everyone for a very enjoyable weekend!

Bay St. Louis Beachfront Festival free entertainment begins today at noon on three stages.

Tyson McMahon, festival chairman, reports stage locations are the old post office, Beach Boulevard and Main Street (on beach), and Beach Boulevard at Court Street.

The festival has more than 80 exhibits and booths signed for the Sunday event and should provide entertainment for all ages.

A Red Cross Blood Drawing will be held Wednesday, June 8, 2 to 8 p.m. at the Bay St. Louis American Legion, Green Meadow Road.

In recent months one area resident has received 20 units of blood while another received 16 units; this is not to mention the one, two, three or four-unit users.

The Hancock County Blood Bank provides a necessary service for our citizens and it is hoped there will be a large turnout for this blood drawing.

John Rutherford, county chairman, said he would like to see as many donors show on Wednesday as back in February when 133 units were collected.

Persons physically able and 17 years old or older can donate a unit of blood.

Every unit of blood will be greatly appreciated.

The week of June 6 through 10 has been designated as Hurricane Awareness Week in Mississippi.

As many of you know, the hurricane season officially begins June 1 and runs through November.

Robert Boudin, local Civil Defense director, urges all citizens to make preparations during this week in the event a hurricane threatens the Mississippi Coast.

This is the time of the year for residents to begin formulating a hurricane preparedness plan, especially those in the low areas of our county.

We were lucky during the 1987 hurricane season, but one can remember three years ago when threats were received from three hurricanes.

The hood of my auto still carries the marks left from my choice pecan tree which was destroyed by Hurricane Elena.

Those of us who were here in 1969 can well remember the forces of Hurricane Camille. Some of the scars are still around.

The Civil Defense department has Hurricane Awareness materials, and persons interested may visit the office on Court Street, Bay St. Louis, behind the Courthouse.

We are hoping this will be a quiet hurricane season.

The Moving Wall will be at Point Cadet Plaza in Biloxi until June 10.

As many of you know, Henry Cook, Bay St. Louis attorney, has been very much involved with the Moving Wall which is a replica of the Vietnam Veterans Memorial in Washington, D.C.

Cook, along with several Vietnam veterans and others, are working towards a permanent memorial possibly on the Mississippi Gulf Coast to honor those who gave their life in Vietnam for our freedoms.

Special closing ceremonies will be at 7 p.m. on June 10 in Biloxi, with a Retreat Ceremony conducted by U.S. Military Forces.

We are sure there will be many from our area who will visit the Moving Wall in Biloxi.

EXPOSING MINIMUM WAGE MYTHS

A minimum wage increase would hurt those it is supposed to help and the area that will feel the greatest negative impact is the South.

These are the findings of a conference on the minimum wage sponsored by the National Chamber Foundation. The conference was designed to consider the impact that proposed legislation to raise the minimum wage would have on workers, businesses, and the economy.

Here's a look at some of the findings that emerged from that conference:

—By 1995, due to employment characteristics of the region, the South will lose 635,000 jobs, which represents 34 percent of the total jobs that will be lost in this country, with the South representing one of four regions.

—Increasing minimum wage restricts the creation of employment. This affects mostly the underskilled and the undereducated, those with fewer workplace skills. Therefore, this group is in danger of becoming a permanent underclass in

American society because they are "denied the opportunity to climb the first rung of the economic ladder" with no other options for economic advancement.

—Proponents of a minimum wage increase argue that the legislation will reduce poverty. This is a fallacy. If it were true, poverty could be eliminated worldwide by enacting minimum wage legislation. People are poor because they cannot produce valuable goods or because they are denied entry into the marketplace. Minimum wage legislation denies workers entry into the marketplace.

The U.S. House of Representatives is expected to be the first chamber to act on this legislation. If Congress wants to help those in poverty, and those close to it, they should vote against a minimum wage increase.

Bay resident takes MD degree

JACKSON—Diane Martinolich Wilkinson of Bay St. Louis is among some 292 students in the health sciences who received degrees in University of Mississippi Medical Center graduation exercises.

She received the MD degree. Dr. Martinolich, a 1983 graduate of the University of Southern Mississippi, will intern at Children's Hospital at Sacred Heart in Pensacola, Fla. She is the daughter of Dr. and Mrs. Andrew K. Martinolich Jr. and is married to Christopher C. Wilkinson of Waveland.

Ole Miss Chancellor R. Gerald Turner was guest speaker for the ceremony, the 32nd annual Medical Center Commencement.

He challenged the graduates "to keep perspective in their lives during the busy and pressured time of beginning their careers in the health professions."

The graduate number included 108 for the MD, 81 for the BS in nursing, 28 for the DMD, seven for the master's in

nursing, five for the PhD, 15 for the BS in health record administration, 24 for the BS in physical therapy, 12 for the BS in dental hygiene, six for the BS in respiratory therapy, four for the BS in medical technology and two for the BS in cytotechnology.

The graduates and their families were honored at a breakfast hosted by Medical Center alumni and at the Chancellor's reception earlier on Commencement Day.

Hancock County Wastewater District #1 Notice Of Public Hearing

Notice is hereby given of a public hearing to be held by Hancock County Wastewater District #1 and the Waveland Regional Wastewater Management District. The hearing will be held on, Thursday, July 7, 1988, at 6 P.M. in the Board of Supervisors meeting room in the Hancock County Courthouse. This hearing is being held to receive public comments on the latest update of the 201 Facilities Plan for Hancock County as presented in the report entitled "Eligibility Survey and 201 Update Segment IV, Phase 1 (expanded areas)."

This 201 Update addresses the proposed expansion of the segment IV collection system to serve more of the Jourdan River Isles/D'Iberville Place area, Paradise Lane, Hollywood Drive, Lake Drive, Mole Drive, Cain Drive, Jourdan Drive, Bonney Drive, ETC. and a second small area of First and Second Streets off Logan in Shoreline Park.

Copies of the documents referred to will be on display at the Hancock County Courthouse, Bay St. Louis, Mississippi, City Library, Highway 90, Bay St. Louis, Waveland Library, Coleman Avenue, Waveland, Mississippi, and the Bay St. Louis Post Office, Highway 90, Bay St. Louis, Mississippi. The public is urged to review the report and to provide comments so that its views can be considered in the adoption and implementation of the proposed expansion plan.

Both districts will make presentations to begin the meeting followed by a question and answer period. Formal statements from the public are encouraged.

KUDZU

Kudzu is creeping across the South. The dense foliage of this Japanese forage crop is creating problems for farmers, cattlemen and businessmen.

At 7:30 p.m., Monday, June 6, "Farmweek" on Mississippi ETV takes a look at how difficult kudzu is to control and at efforts to kill it.

Once used for erosion control, the vine now covers hilly banks all across Mississippi, often choking out trees and other native plants. It also causes millions of dollars in damage each year to power and telephone lines.

"Farmweek" is a production of Mississippi ETV and the Mississippi Cooperative Extension Service providing up-to-the-hour farm market information, price analyses, local, state and national agricultural news and weather reports.

CARPENTERS are needed to donate their labor for construction of a warm-up area similar to this one, located in d'Iberville, for a proposed public walking track at Hancock Medical Center. Anyone who wants to help with the project should contact County Maintenance Superintendent Bill Johnson at the county's central maintenance barn, 255-3367, or Hilda Bourg at 255-1299.

the Hancock County Courthouse.

Bourg and the board, as well as several of the park commission members, discussed two proposed new development projects for the recreation department.

One, which is planned immediately, is a public walking track and warm-up area at the Hancock Medical Center site. Bourg showed photographs of a similar facility in d'Iberville and explained that construction cost will be low if carpenters can be found to donate their labor to build the warm-up equipment.

The second project is a soccer field on an unused section of fairgrounds property at the corner of Washington and Chapman roads. That project has been proposed by Bay Area Youth Soccer and could involve some donated as well as public funds.

Anyone interested in donating carpentry work for the

walking track should call Johnson at the central maintenance

barn, 255-3367, or Bourg at 255-1299.

Hattiesburg auto dealer seeks commissioner's post

Haskel "Pat" Patterson has announced his candidacy to fill the vacant post of Southern District Highway Commissioner in the July 23 Special Election recently called by Governor Ray Mabus.

In a series of announcement speeches in the 27 county Southern District, Patterson has made the following statement.

"For the past 20 years I have owned and operated my own business. Through good times and bad times we have prevailed. Managing your own business provides excellent training for people managing the public's business. Financial responsibility, integrity and accountability are demanded by the public. I have proven my capabilities in each of these vital areas."

"When I am elected your commissioner, my priorities will be:

(1) Improved maintenance funding to protect investments already made in our State's Highway System.

(2) Complete highways under construction, such as paving and completion of Primary Highways U.S. 98, U.S. 84, U.S. 45, U.S. 61 and Mississip-

pi 63.

(3) U.S. 90—complete structural improvements and improve the scenic beauty of this vital coastal highway. The improvements and maintenance of U.S. 90 is a vital part in improving the Coast Tourism Industry.

(4) Safety improvements to our existing secondary highways. Bridge inspection, with an upgrade in the replacement program. Safety lanes on two

lane roads will allow slower moving traffic to move efficiently along with others traveling these highways. Highways are our economic life line, moving people and products to and from the job and the market place."

Patterson said the most important segment of the state highway system is the network of secondary highways.

He said his top priorities on these will be maintenance, additional construction and safety improvements on "these

vital transportation links connecting our smaller cities with the state of the nation.

Our major cities must have adequate highways, but not at the expense of home towns and counties."

Patterson closed by saying, "the decision you make on a new highway commissioner on election day directly impacts your future, your job, and your family. I ask you to elect me for the following reasons"

"—I have successfully lead and

managed people in my own business for 20 years.

"I have served the people of Mississippi as Chairman and Member of the Energy and Transportation Board, Motor Vehicle Commission, and State Building Commission.

"In addition to these accomplishments, I have spent my entire life working for the betterment of our state."

"On behalf of my family and myself, I sincerely ask for your vote and support," he added.

The 59-year-old candidate is married to Velma Parker Patterson, a Smith County native, and they have one son, Larry. They attend the First Baptist Church of Sumrall.

Patterson, a Korean veteran, has been active in veteran organizations and civic work. For 33 years, he has been in sales and management in the automobile business, the last 20 years as president of Patterson-Morris Lincoln Mercury in Hattiesburg.

Tidewater adds four vessels

Tidewater Inc.'s marine division, Tidewater Marine Service, Inc., has acquired four vessels from the Maritime Administration at an aggregate cost of approximately \$5 million.

The boats—two 180-foot supply vessels and two 195-foot medium-horsepower towing/supply vessels—were built in the early 1980s and feature state-of-the-art equipment and capabilities, according to Tidewater Marine president Richard M. Currence.

"The vessels were repossessed by the Maritime Administration several years ago and have not been in service since that time. Their limited use, along with several other positive factors, made them an attractive purchase," said Currence, adding that the original cost of the package when the vessels were built was probably in excess of \$14 million.

Currence said that one of the supply vessels began service in the U.S. Gulf of Mexico upon completion of the sale. The other three boats are currently being prepared for service in Tidewater Marine's international fleet.

Tidewater Marine is continually modernizing its fleet by eliminating older, non-competitive vessels and acquiring newer ones featuring up-to-date capabilities, said Currence. "This is the company's second vessel package purchase in six months," he added. "Five vessels were purchased in late 1987."

American Legion Auxiliary Unit 139

The regular monthly sing-a-long sponsored by the Clement R. Bontemps American Legion Auxiliary, Unit 139, was held on Thursday, June 2 at the Hotel Reed Nursing and Retirement Home.

Mrs. Lena Mae Oustalet played the piano as Mmes. Roslyn Weathers and Oris Planchard walked among the residents to encourage them to participate in the singing.

Little Miss Poppy of 1987-88, Joy Lynn Gillan, visited with the residents and they in turn were happy to see her. Everyone enjoyed the singing of hymns, gospel and the 'oldies but goodies,' and a good time was had by all.

Stone-Ladner

Trinity United Methodist Church in Beaumont, Tex. was the setting for the June 4 marriage of Lawana Susan Ladner and David Clark Stone. The Reverend Roland T. Scales officiated at the evening double ring ceremony.

The bride is the daughter of Mr. and Mrs. Luther C. (Buck) Ladner of Lumberton, Tex. The groom is the son of Mrs. Helen

Stone of Beaumont, Tex.

The bride is a descendent of the Sam and Laura Ladner family of Lakeshore and is the great-niece of Mr. and Mrs. Forrest Ladner and Rob Ladner of Lakeshore.

Nuptial music was presented by Denise Truncate, organist, and Robert Harris, soloist.

Given in marriage by her father, the bride wore a formal

gown of re-embroidered lace fashioned with a fitted bodice, sweetheart neckline, full puffed sleeves and cathedral train. A veil of silk illusion was attached to a headband of pearls with pearl sprays at the side. She carried a bouquet of peach and white rosebuds against white lace with cascading satin streamers.

Judy Graham of Beaumont was matron of honor.

Bridesmaids were Tracy Tindall of Lumberton, Tex.; Mary Jane Stone and Christina Johnson of Austin, Tex.; Jodi Rocknic of Nederland, Tex.; and Marie Durham of Corrigan, Tex.

The attendants were attired in identical gowns of teal satin featuring off-the-shoulder styling, with band and bow at the hipline and full, tea-length skirt. Each carried nosegays of peach and teal rosebuds encircled with peach lace.

William Clark of Beaumont, uncle of the groom, was best man.

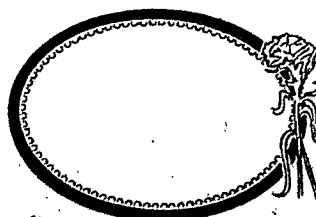

Groomsmen were Clifford Callender and Mark Callender and Gene Scoggin, all of Beaumont; Stuart Kieschnick of Nederland and John Fields of Houston, Tex.

A reception followed the ceremony at the church parlor. Assisting were Lisa Ladner Gore of Baytown, Tex.; Connie Woodard of Lumberton; Nancy Petkovsek of Beaumont; and Melissa Clark of Kountze, Tex.

On return from a wedding trip to Austin, the couple will reside in Beaumont.

Freemyer-Maggio

Mr. and Mrs. Wesley Neal Freemyer of Helena, Ark. announce the engagement and forthcoming marriage of their daughter, Emily Ann Freemyer, to Michael Anthony Maggio, son of Dr. and Mrs. Henry Anthony Maggio of Bay St. Louis.

Miss Freemyer is a graduate of Central High School in Helena. She received a bachelor's degree in business administration from the University of Mississippi, where she was a member of Kappa Alpha Theta sorority. She is the manager of Conway Adjustment Company

in Conway, Ark.

Mr. Maggio is a graduate of St. Stanislaus High School. He received degrees in political science and history from Mississippi College where he was a member of Kappa Sigma fraternity.

He is a student at University of Mississippi School of Law.

First United Methodist Church in Helena will be the setting for the August 6 marriage at 7 p.m.

Mitchell-Wittorf

Mr. and Mrs. Jerry Allen Mitchell of Kiln announce the approaching marriage of their daughter, Amy Claire Mitchell, to David Alan Wittorf, son of Mr. and Mrs. Alfred E. Wittorf of Leetown Community.

The bride-elect is a graduate of Hancock North Central High School and is a student at Jefferson Davis Junior College.

The prospective groom is a graduate of Hancock North Central and Pearl River Junior College. He is employed with National Space Technology Laboratories, National Data Buoy Center.

Annunciation Catholic Church will be the setting for the June 11 marriage at 7 p.m. A reception will follow at the Jourdan River Shores Clubhouse on Highway 603 in Kiln. Friends and relatives are invited to attend.

Seymour named rodeo princess

Ms. Gina B. Seymour, daughter of Mr. and Mrs. Wilmer E. Seymour of Bay St. Louis, has been selected to represent the City of Bay St. Louis as princess in the 25th Annual Deep Sea Fishing Rodeo.

The pageant for selection of the queen will be held on June 25, at 9 p.m. in the Crown Room of the Broadwater Beach Hotel, Biloxi.

Ms. Seymour is 22 years of age, a junior at the University of Southern Mississippi, pursuing a B.S. degree in surgical nursing.

At present Ms. Seymour is employed by the Hancock County Tax Assessor's Office working on the E-911 program.

She graduated from Bay Senior High in 1984. She was on the Student Council, a three year member of the cheerleading squad, National Honor Society, and the school's tennis team. She is now a member of newly formed Jaycee's and the University Student Nursing Association.

"I feel delighted to have a young lady of Gina's character, charisma and high ambition, representing our city. She is working hard to attain her goals,

and I feel that she is doing the city a favor by accepting this invitation to be Bay St. Louis' representative at the rodeo this year," said Mayor Victor Frankiewicz.

for women only...

The REGIONAL WOMEN'S CENTER at SLIDELL MEMORIAL HOSPITAL presents a series of lectures and discussion groups for women.

EVERYTHING WOMEN ALWAYS WANTED TO KNOW ABOUT SEXUALITY BUT WERE AFRAID TO ASK.

Wednesday, June 8, 7:30 PM

Women ask important questions when husbands or lovers withdraw intimacy because of fears and misconceptions about their sexual performance. Women hold the key to sexual health in the modern loving relationship and women are the ones to ask key questions that, when answered, lead to a compassionate understanding of the problem. This educational program is designed to enhance relationship improvement. The Sexual Medicine Institute of Southeast Louisiana will answer major questions about male sexual performance. STEPHEN SOUTHERN, Ed.D., Sex and Marital Therapy Consultant, will discuss the complex responses of male sexuality. ESTEBAN ROMANO, M.D., and MAHMOUD DAFARY, M.D., Urologists, will provide information on the anatomy and physiology of males and will discuss medical advances in sexual medicine. (Men welcome, also.)

MEDICATIONS AND PREGNANCY

Thursday, June 9, 12:00 Noon

An informal discussion of the effects of prescription and non-prescription drugs as well as alcohol and tobacco on fetus and mom during pregnancy. The talk will cover from conception through pregnancy and post-partum.

Bruce Clement, RPH, Director of SMH Pharmacy Services will lead the discussion.

BREAST SELF-EXAM

Monday, June 13, Noon & 7:00 PM

Breast Cancer will strike one in ten American Women during their lifetime. Breast Self Exam is the key to early detection. FREE classes in BSE are taught by trained nurses. The Breast Diagnostic Center at SMH offers routine baseline mammograms for \$59.00 (including Radiologist's Professional Fee). THIS EDUCATION IS A MUST FOR WOMEN AND ADOLESCENT GIRLS.

Broadway announces candidacy for commissioner

Civil engineer Buddy S. Broadway, 52, of Picayune has issued the following statement in connection with his candidacy for highway commissioner, Southern District.

"I graduated from Mississippi State University, School of Engineering, Class of '58, after graduating from Mize High in Smith County and Jones County Junior College.

"In order to attend college after leaving the Smith County

farm, I had to work various jobs to support myself and to be able to graduate.

"My first job after college was with the State Highway Department as a construction engineer, where I worked under the supervision of project engineer Dan Hillman at McLain.

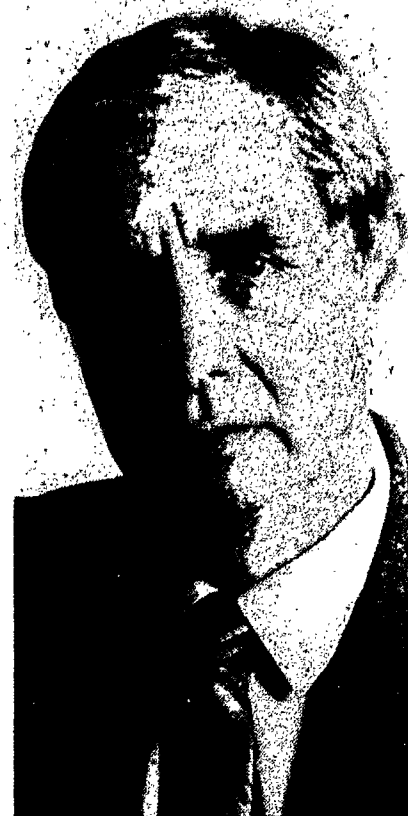

"He assigned me projects from Lucedale to Escatawpa from New Augusta to Bendale. "Mr. Dan took a young engi-

neer right out of college who "knew it all" and guided me through more learning opportunities. Two other engineers who helped shape me were Bill Magee and Webber Keyes who had me working on Interstate 59.

"After working as Picayune's city engineer, Lawrence L. Seal and I formed 'Broadway And Seal Civil Engineers.' In 1983 I formed 'Broadway Engineers

And Land Surveyors' where I am still self employed.

"From 1954 to the present I

BUDDY S. BROADWAY

have been a member of the Mississippi Army National Guard, enlisting as a private. I have risen to rank of colonel in the Corps of Engineers. My most memorable experiences were serving our communities after natural disasters like Hurricanes Camille, Frederick and flooding rivers and creeks.

"My family and friends have given me encouragement to run for this very important office of public trust. I know that, given the opportunity, I can do the job our citizens deserve.

"There are many projects in this district already in progress. I pledge to finish what has been started as soon as possible for the least amount of time and public funds.

"Your vote and influence for the election July 23 will be appreciated."

Broadway was born in Mize, son of Monroe J. Broadway and

Lou Alice Musgrove Broadway Craft.

He is married to Peggy Doris Scoggins. They have two sons, Brent Sanford Broadway, MSU research assistant and Bruce Alan Broadway, employee at Crosby Memorial Hospital in Picayune.

Broadway is member of First Baptist Church of Picayune.

He is a member of American Society of Civil Engineers; Mississippi Army National Guard, 1954 to present. (Enlisted as private and is now a colonel; GPA, Inc. Industrial Development, board member and past president; Picayune-Pearl River Company Airport Board; Crosby Memorial Hospital Board; Picayune Downtown Revitalization Commission; Picayune Jaycees, past president; and Gulf Regional Planning Commission charter member.

Farmers Home election set June 30

One candidate is running for the Farmers Home Administration County Committee in the June 30 election, FmHA County Supervisor Frank W. Niemeyer Jr., reports.

Any person who has an interest in a farm in the county as owner, tenant or sharecropper is considered a farmer and is

eligible to vote, Niemeyer said. Spouses of eligible farmers also are considered farmers for voting eligibility.

Ballots for the election are published in the June 5 edition of The Sea Coast Echo and also are available at the FmHA county office at Suite "H" Hancock Square, 817 Hwy 90, Bay

St. Louis.

If they cannot be returned to the county office in person, ballots may be mailed in, Niemeyer said.

Among other duties, county committees help determine whether an applicant is eligible for a FmHA farm loan. Two of the three members are elected by county farmers, and the third is appointed by FmHA.

Reflections

The Curse of Control

By REV. JEROME LEDOUX, SVD

Some people simply must be in control of the ship of state church, civic organization or whatever. If they cannot steer the ship, they may just see to it that it sinks.

Such people run completely counter to the ideal of control which Jesus presents to us as the Christian way to be in charge:

"The kings of the Gentiles lord it over them, and they who exercise authority over them are called benefactors. But not so with you. On the contrary, let him who is greatest among you become as the youngest, and let him who is the chief as the servant." (Luke 22:25-26)

There are those who must run the whole show, so that all the actors, actresses and props are under their control. If they cannot run the whole show, they try to sabotage the production.

Surely, Jesus ran the show as no one else could or does, yet, he cautions us: "Which is greater, he who reclines at table, or he who serves? Is it not he who reclines? But I am in your midst as he who serves." (Luke 22:27)

If they cannot drive the car or the bus, some people seem not to mind if the vehicle stops or runs off the road. Preferably, they would like their inaction to cause the trip to be aborted.

These are they who seldom do anything against what the others are trying to do on the trip, but they cause sour feelings and kill the morale of everyone by their passive resistance.

"Who is not with me is against me," Jesus warns, "and who does not gather with me scatters." (Matthew 12:30)

Control is the name of the game for almost everyone in some capacity or other. For many, this means being the center of attention, no matter what the occasion or circumstances. Even if being the center of attention means cheating someone else of due attention, some people insist on hogging it.

Of course, this is but another way of controlling those around us. If they cannot control the limelight, attention junkies would just as soon deprive all others of its warmth and glamor.

"Take heed not to do your good, before people," we are

warned again, "in order to be seen by them. Otherwise, you shall have no reward with your Father in heaven." (Matthew 6:1)

Even where they have done nothing to deserve the spotlight, attention junkies eagerly crave it. All the more, when they have earned a few accolades, they corner the market of applause.

Attention junkies are to be found, unfortunately, in every area and facet of life. Whether it involves running a church, a political party, a family, a school, an organization or a company, their goal and motivation are invariably the same: to be the center of attention, the cat's meow, the eye of the storm.

Incredibly, a majority of peo-

ple seem more than willing to allow a relationship to go to seed or even to wreck it if they cannot control the person(s) involved with them.

This irrational drive to make others over, to program them to one's own agenda, to make them dance to one's music is a devastating destroyer of everything good between spouses, parents and children, siblings, friends and associates of every kind.

As knowledgeable as Jesus was, as wise as he was, as powerful as he was, he did not try to control the people around him, except through the comforting spell of compassion and love. If we had any smarts at all, we would be doing all in our power at all times to spellbind each other in the same way.

Recommended reading list available at Hancock libraries

The Hancock Library System has available a booklet entitled *Summertime Favorites* prepared by the National Endowment for the Humanities, according to Prima Wusnack, library system director.

To compile the list, the Endowment for the Humanities reviewed the recommended reading lists of public and private schools identified by the U.S. Department of Education as exemplary schools or ones noted for their outstanding humanities programs.

"Noting how often books that other generations have enjoyed appear on these lists, it was decided to make the compilation a list of tried and true titles," said Marguerite Sullivan, director of the Office of Publications for the National Endowment for the Humanities.

Both adults and young people can use the list to read or reread the best in pre-1960 literature notes Wusnack. Parents should use the list to guide their children in summer reading or

to share good books during family read-aloud sessions.

LEGAL NOTICE ORDER ESTABLISHING 1988 SHRIMP SEASON

By virtue of the authority vested in the Mississippi Commission on Wildlife Conservation under the provisions of Section 49-15-15(3)(b) Mississippi Code of 1972, the Mississippi Commission on Wildlife Conservation after having conducted an extensive sampling program does hereby declare and order that:

All waters south of a line beginning one-half mile offshore at the Mississippi-Alabama state line; thence westerly following the meanderings of the shoreline one-half mile therefrom to Light "5" in the Bayou Casotte Channel; thence northwesterly to Light "7" in the Bayou Casotte Channel; thence westerly following the meanderings of the shoreline one-half mile therefrom to the intersection with the Pascagoula Channel; thence northwesterly to Beacon "44" in the Pascagoula Channel; thence southwesterly to Beacon "43" in the Pascagoula Channel; thence to the northeast point of the mud lump located south of Ingalls West Bank Shipyard; thence westerly along the north shoreline to the northwest point of said mud lump; thence northwesterly to a point one-half mile due south of the mouth of Graveline Bayou; thence westerly following the meanderings of the shoreline one-half mile therefrom to Beacon "18" in the Biloxi Bay Channel; thence northwesterly to Beacon "22" in the Biloxi Bay Channel; thence northwesterly to Beacon "26" in the Biloxi Bay Channel; thence westerly to Beacon "34" (exclusive of the Biloxi Channel itself); thence southwesterly to Beacon "30" in the Biloxi Channel (exclusive of the Biloxi Channel itself); and thence due South to a point on Deer Island; thence westerly following the north shore of Deer Island to the western most tip; thence westerly on the most direct line to the Biloxi Beacon "8"; thence westerly following the meanderings of the shoreline at a distance of one-half mile therefrom to a point one-half mile south of the abutment of the L & N Railroad Bridge over the Bay of St. Louis; thence westerly at a distance one-half mile from said bridge to a point one-half mile south of the western abutment; thence southwesterly following the meanderings of the shoreline at a distance of one-half mile therefrom to a point one-half mile east of the mouth of Bayou Caddy; thence westerly to the mouth of Bayou Caddy; thence southwesterly following the meanderings of the shoreline to the Mississippi-Louisiana state line, with the exception of the "pipeline ditch" in Hancock County, are hereby declared and ordered open at 8:00 a.m. June 8, 1988 for shrimping as provided by law and the regulations of the Commission.

The aforementioned "pipeline ditch" shall only be opened to shrimping vessels using a trawl measuring no larger than 16 feet at the cork line and 22 feet at the lead line, and persons shrimping in said "pipeline ditch" shall be limited to a maximum of 25 pounds of shrimp on board the vessel at any time.

Shrimp season shall close at midnight, December 31, 1988 except south of the Intracoastal Waterway. In addition, all state waters shall close to shrimping activities except live bait shrimping at midnight, April 30, 1989.

All regulations set forth in ordinances of the Mississippi Department of Wildlife Conservation are to be in full force and effect and all boats engaged in catching or transporting shrimp in or from the waters of the State of Mississippi must be licensed by the Commission before beginning operations.

This order will take effect and be in force from and after 8:00 a.m. on June 8, 1988 and the director of the Bureau of Marine Resources is hereby directed to make publication of this order one time in a newspaper or newspapers having gen-

eral circulation in the counties affected by this order as provided by law. Ordered this 27th day of May, 1988. MISSISSIPPI DEPARTMENT OF WILDLIFE CONSERVATION BUREAU OF MARINE RESOURCES Richard L. Leard, PhD Bureau Director Post Office Drawer 959 Long Beach, MS 39560 6-5-88
